Needs assessment. What topics would you like to hear more about?

- More clinical tox examples...I really like the ones presented
- Antidotes
- Apap OD, acid/base disturbances, household product ingestions
- Reversal agents
- Triage patients

Comments: Very informative. Great interaction. Enjoyed how interactive the presentation was.  
Great job engaging the audience.

Comments from teens attending an AHEC Health Career Summer Camp:

- I definitely enjoyed the interactive way to learn about poisons
- A fun pop quiz and was able to socialize with peers
- Interesting learning about how poison is dealt with in the community
- I liked the game interaction. It really interested me in this topic
- I learned stuff I never would've thought of
- Very fun, but I wish we could've covered more household poison myths
- Very informative.

N=33 hospital staff rating three lectures, where poison staff gave one lecture

	Strongly agree	agree	neutral	disagree	Strongly disagree
Content was presented in easy-to-follow manner	65%	29%	6%		
Instructor was effective in delivery	68%	26%			
Training was worthwhile	61%	31%	6%	3%	
Program met objectives	65%	29%	6%		

Comments.

- I learned a lot about poison control and what signs and symptoms to look for with a coral snake
- I learned about care and management of patients who have experienced negative interactions with animals, bugs and insects
- I liked the info on the poison control center, the format of case presentations
- Awesome job by all the presenters
- Great speakers, very informative
- Well done, interesting
- Loved this course!
- Fabulous
- Thank you!
