Rate lecture			2	20	
			Yes	No	N/A
Did you find information useful?			21		1
Did this class meet your needs?			21		1

- Comments: Very informative, Very well spoken, Great information and presentation
- Needs assessment: More info on plants and animals, Go through marine stings, Maybe incorporate more protocols and dosage amounts for meds suggested to give

N=33 College of Pharmacy students. Comments: Evaluations rated two tox speakers. Students preferred hearing case histories, humor, visual aids, analogies and having opportunities to participate in learning. Disliked cluttered slides, chemical structure discussion and long, dry lectures.
