

**Florida Poison Information Center - Miami**  
***Educational Programs Satisfaction Survey Results***  
 January 1, 2023 through March 31, 2023

<b>Number of Surveys Completed</b>	<b>How would you rate the Poison Prevention Program?</b>	<b>Was the information helpful and easy to understand?</b>	<b>Was the speaker effective and professional?</b>	<b>Overall, did the educational training session meet your expectations?</b>
	<b>• 1-4</b>	<b>Yes or No</b>	<b>1-3</b>	<b>Yes or No</b>
N = 55	(1) 93% (51) (2) 5% (3) (3) 0% (1) (4) 0% (0) Refused 0	(yes) 100% (55) (no) 0% Refused 0	(yes) 100% (55) (no) 0% Refused 0	(yes) 99% (55) (no) 0% (1) Refused 0

1= Excellent  
 2= Good  
 3= Average  
 4= Ineffective

Comments: Wendy and Felton were great could not have asked for better instructors. Material was provided in a very informative and condensed manner that allowed for proper comprehension. Informative class with great instructors. Wish class was longer with more practices. This was a very interesting presentation. I work in the ICU setting so I see the worst-case scenarios with poisonings. That being said, I wanted to learn more about prevention strategies and also general info on poisonings including those treated outpatient so this presentation was very informative. The training was excellent. The time was perfect. Wendy used a clear vocabulary and examples. Also I learned about the new THC product that are circulating in Florida now.
