Comments: Well organized program that provided factual information that we as future Pharmacists can use to better help our patients. \* I would like to know if there's any service, especially for people who are blind, deaf, or dumb. \* This was fantastic and it left me wanting to get more involved in poison prevention. \* Today's program was very informative and helped me clear any doubts that I had. \* Really enjoyed the statistical data! Was surprised by the prevalence of drug deaths in Florida. \* Excellent program to educator and parents. \* Great reminder. Found out a few reasons I never thought about calling for! \* Easy to understand and retain. \* Less lecture and more interactive.
