FPICT Education Program Satisfaction Survey
Rasmussen College of Nursing Virtual Tox. Practicum – PCC Resources
November 4, 2021

N =17

Questions	Yes	No
Did you complete the research Project?	100%	
Did you complete the scavenger hunt	94%	6%
Please provide your feedback on the Virtual Escape room: <ul style="list-style-type: none"> ○ I enjoyed the escape room. ○ It was fun and engaging. ○ Very informative. ○ It was a lot of fun. ○ The virtual escape room really helped me learn more about home poisons and how to safely store them. That was one of my clinical objectives for today's virtual clinical as I did not have much knowledge on that. ○ Very interesting format to learn some good information. ○ Did not do it. ○ The virtual escape room was educational. ○ My group did not have time to attend. ○ I really liked it. 		
Did you receive your package in the mail?	Yes	No
	100%	
Did you already know the content of the toxidrome badge card?	Yes	No
		100%
Did you find the educational flyers useful?	Yes	No
	100%	
Which flyers you liked the most? <ul style="list-style-type: none"> ○ Venomous snakes ○ First Aid for poisonings ○ Poisonous plants ○ I thought the venomous snakes of Florida flyer was the most helpful. I did not know much about snakes and living in Florida, that is definitely important. I have already tried to memorize how the snakes look just in case I come across one. ○ Animal pamphlet. ○ The drug cards ○ Snakes ○ Plants ○ All of them ○ The poisonous plants ○ Venomous snakes ○ Medications 		

FPICT Education Program Satisfaction Survey
Rasmussen College of Nursing Virtual Tox. Practicum – PCC Awareness
November 4, 2021

N = 17

Before this practicum, how familiar were you with poison center services?	Not Familiar	Very Familiar
	100%	
Has your knowledge of poison control center services improved because of today's session?	Somewhat	A lot
		100%

Please list at least 1 new thing you learned from the practicum today:

- I Learned how different roles work together at poison control center.
- How to properly triage potential poisonings
- As nurses we can direct our questions to PCC regarding toxins affecting our patients.
- One new thing I learned today was that many cases of toxicity can be treated at home with the right resources. I personally thought everyone went to the hospital for any instance of toxicity.
- Nurses can use poison control centers as a resource to help manage their patients.
- I can call as a nurse while working.
- Resources, ease of use, practicality, ability to use in professional practice.
- I learned that toxicology reports are not always accurate. This was interesting because the results of the toxicology report can change our own personal biases.
- The toxidrome card is an amazing tool to diagnose the type of poisoning.
- How many items can be mistaken for everyday food and juices.
- Everything poison control does.
- I liked learning about the toxidromes and how to recognize signs and symptoms of it.
- Topics that are necessary and okay to call for.
- Antidotes and treatments.
