Comments: “Great training. We used it with our families in our everyday conversation.” “The Poison Prevention training was very informative, and I think this training would be helpful to everyone. The instructor was very knowledgeable and keep us engaged.” “I know much more than I did before the course.” “If we have no wifi to contact anyone, what medications can we take with us just in case?” “So surprising and informational about how easy it is for one to experience these poison help events. Great to have the phone number hotline now.” “Thorough, enjoyed that the video covered common misconceptions. Provided resources with the intent of getting them to broader community members.” “For med students, provide a list of common toxidromes, signs and symptoms, as well as management/antidotes.”
